Syed Muhammad Atif

"Research is to see what everybody else has seen, and to think what nobody else has thought."
Albert Szent-Gyorgyi

Summary

With a background in computer science and software engineering, I am currently an Assistant Professor at the Ziauddin University in Karachi, Pakistan. Prior to joining Ziauddin University, I held the position of Senior AI Developer at HetroCloud, a research project funded by the National Center of Big Data and Cloud Computing (NCBC) that was executed at the Karachi Institute of Economics and Technology (KIET). My expertise in machine learning and computer vision spans over five years, and I have contributed to several peer-reviewed articles published in renowned conferences and journals such as Elsevier Pattern Recognition Letters, Elsevier Computer Networks, Springer Neural Processing Letters, IEEE Access, KSII Transactions on Internet and Information Systems, and IEEE TENCON. In 2017, I received the HEC Indigenous Ph.D. Fellowship in recognition of my academic achievements to pursue doctoral studies. My research interests lie in computer vision, deep learning, radial basis function neural networks, nonnegative matrix factorization and network tomography. Additionally, I have served as a reviewer for the Elsevier journal Results in Control and Optimization

Work Experience

Department of Computer Science & Software Engineering, Ziauddin University

Karachi, Pakistan

ASSISTANT PROFESSOR

Jan. 2023 - to date

- On the research front, my activities involve writing research grants, conducting research leading to publications, and actively participating in ongoing research funded projects.
- In terms of academics, my responsibilities include delivering lectures to undergraduate students and evaluating their performance in respective courses. Additionally, I serve as the secretary of the Departmental Academic Review Committee (DARC), which oversees curriculum revisions and monitors the academic progress of students.
- On the administrative side, I hold positions as either the head or a member of various committees, including the Departmental Examination Committee, FYP Committee, Board of Studies, and Board of Faculty

NCBC, HEC, Pakistan under funded project "Hetro Cloud" in KIET.

Karachi, Pakistan

SENIOR DEVELOPER AI

Jan. 2021 - Dec. 2022.

- During my tenure, I am the Senior Developer AI leading a team in the creation of a cloud-deployed, scalable face recognition software.
- Our project, tailored for the requirements of the hosting institute KIET, involves designing a facial recognition system.
- The frontend includes a Flutter-based mobile application and a Flask-based web application.
- The software backend, developed in Python, incorporates essential deep learning libraries such as RetinaFace, MTCNN, and FAISS.
- MySQL serves as the engine for data storage.

Steps Ahead Pvt. Ltd.

Karachi, Pakistan

WEB DEVELOPER

May. 2019 - Oct. 2020

- I developed a web-based, real-time, and highly dynamic asset census system, which serves multiple purposes and is seamlessly integrated with an Android application dedicated to conducting asset census. Additionally, a web-based reporting tool is incorporated into this system to analyze census results from various business perspectives.
- I also designed and implemented a web-based damage control and management system. This application, integrated with an Android counterpart, is focused on business damage monitoring and control, providing an effective solution for mitigating and managing damages.

Department of Electrical Engineering, PAF Karachi Institute of Economics & Technology.

Karachi, Pakistan

RESEARCH/TEACHING ASSISTANT

Aug. 2018 - Apr. 2019

- Support the Head of the Electrical Engineering Department in the role of a teaching assistant.
- My responsibilities include reviewing assignments and quizzes.
- Additionally, serve as a guest speaker in MS/PhD classes and contribute to research activities within the "Network Tomography Lab," led by Dr. Sameer Qazi, the Head of Electrical Engineering.
- This involvement resulted in the successful publication of research papers in IEEE conferences and journals with ISI impact factors.

Department of Computing and Technology, Indus University.

Karachi, Pakistan

LECTURER

Feb. 2016 - Feb. 2018

- Deliver lectures, assess assignments, mid-term and final papers.
- Oversee Final Year Projects and provide guidance.
- Additionally, supervise a Final Year Project titled "Raspberry Pi3 based Wifi Router," funded by ICT FYP.

Honors & Awards

2016	Secure , Scholarship of HEC under Indigenous PhD. Fellowship Program	Islamabad, Pakistan
2016	First Place , Clear Entry Test for PAF-KIET PhD student with 89%	PAF-KIET, Karachi, Pakistan
2011	Second Place (Silver medalist) , MS Program, UIT	Karachi, Pakistan

Education

PAF-KIET (Karachi Institute of Economics & Technology)

Karachi, Pakistan

PH.D. IN COMPUTER SCIENCE

CGPA 3.92

- Under HEC Indigenous PhD Fellowship program.

UIT (Usman Institute of Technology/Hamdard University)

Karachi, Pakistan

M.S. IN COMPUTER NETWORKS & COMMUNICATION

CGPA 3.89

- Silver medalist in his batch.

SSUET (Sir Syed University of Engineering and Technology)

Karachi, Pakistan

B.S. IN COMPUTER ENGINEERING

CGPA 2.99

Publications
